

Strategic Review: Q4 2025

This document provides a summary of key findings and recommendations from the quarterly strategic review.

1. Background

Comotion Business Solutions supports organisations with analytics, strategy, and operational excellence. This review covers performance across our core service lines.

1.1 Scope

The analysis spans three primary areas: client delivery, internal operations, and market positioning.

2. Key Metrics

Metric	Actual	Target	Status
Client satisfaction	94%	90%	On track
Project delivery	98%	95%	Exceeded
Revenue growth	12%	10%	Exceeded

3. Recommendations

- Scale delivery capacity** – Invest in additional analyst resources to meet growing demand.
- Expand service offerings** – Develop new analytics modules for the mid-market segment.
- Strengthen partnerships** – Formalise relationships with key technology vendors.
